### **For Caregivers – Special Screening of "Being Mortal"**

Based on the book "Being Mortal: Medicine and What Matters In The End" by Dr. Atul Gawande, this movie and discussion delves into the hopes of patients and families facing terminal illness. When Dr. Gawande's own father gets cancer, his search for answers about how to best care for the dying becomes a personal quest.

After the screening, you can participate in a panel discussion on how to identify and communicate wishes about end-of-life goals and preferences. Lunch provided. It is free but registration required.
