## **Friends Place Family**

With Mother's Day fast approaching, I want to take a moment to say thank you to each and every mother, grandmother, auntie, big sis, meemaw, mom mom or anything else that we use for the most important women in our lives. I am burying the lead a bit, but this is a particularly special mothers' day for me as it is my wife's first one as an expecting mother and my own mom as an expecting grandmother (baby due November 14, 2024). We are celebrating all of our mothers in one way or another on Thursday, May 9<sup>th</sup> with our Mother's Day luncheon. We hope that all of our Friends Place family will join us; being a mother is not a prerequisite.

We host quarterly events to bring all our members and their families together. We get to see how our members interact on a daily basis and the friends that they make. This is a great opportunity to meet some of the people that spend all day with your loved one. If you can't make it, be on the lookout for our next event coming up this summer (details TBD).

The most important part of Friends Place is the community. After all, without Friends, we would just be a place. It has always been the people that make it special. With that in mind, if there is an event or activity that you would like us to explore, my door is always open.

At Friends Place, we love celebrating our members wherever they are in their journey and we strive to make happy memories with your loved ones in a fun and understanding environment. So even if you can't make our Mother's Day luncheon, we would love if you would come to the next one.
